City Comptroller's Report

Edmonton, Alberta.

April 20, 1956.

His Worship the Mayor and Members of Council,
The City of Edmonton.

Ladies and Gentlemen:

Herewith are submitted the Revenue and Expenditure Account for the twelve months ended December 31, 1955, and the Consolidated Balance Sheet as at the close of the same period.

The Cash and Investments now in the hands of the Sinking Fund Trustees of The City of Edmonton for safe keeping amounts to \$4,608,947.20. This includes \$3,527,853.75 on account of the Utilities and General Reserves, and \$1,081,093.45 on account of New City Hall Reserve.

Construction and other extraordinary Expenditures:	
Charged to Current Account	\$ 444,085.51
Charged to Reserve for Public Works	1,478,509.72
Charged to Miscellaneous Reserves	1,569,979.19
Charged to Utilities and Airport Extension Reserves	4,760,369.23
Charged to Local Improvements Property Share Prepayments	1,569,041.45

Deferred Asset	55,427.07
Pending Capitalization	3,575,889.64
	<u>\$21,556,622.07</u>

Details of the foregoing construction and other expenditures are shown on Schedule "A" attached hereto.

Although the City was able to accumulate substantial Reserves during the war years when Capital Construction was at a virtual standstill and which provided money for large Capital Expenditures in the years 1947, 1948, 1949 and 1950, the Gross Funded Debt has increased \$55,324,082.92 since the end of 1946.

Expenditures for permanent improvements since the end of 1946 have amounted to \$119,662,489.25 of which \$116,086,599.61 was financed from the following sources, leaving the amount of \$3,575,889.64 still to be financed:—

Debenture Funds:	
Utilities Plant Extensions	\$ 27,995,988.12
Public Works and Services	23,687,000.00
Property Share Local Improvements	18,094,056.83
	<u>\$ 69,757,044.95</u>
Reserve Funds:	
Utilities Plant Extensions	\$ 21,812,082.31
Public Works and Services	14,010,869.56
	<u>35,822,951.87</u>
Current Funds:	
Public Works and Services	3,222,531.11
Property Share Local Improvement Prepayment Funds	5,310,664.11
Government Grant Funds	1,515,664.36
Deferred Asset	457,743.21
	<u>\$116,086,599.61</u>
Total Financed	<u>\$116,086,599.61</u>
Expenditures Pending Capitalization	<u>3,575,889.64</u>
Total Expenditure	<u>\$119,662,489.25</u>

During the year Public Works and Services construction was again restricted to those items which were considered to be absolutely essential in order to reduce the need for borrowing to a minimum. Despite this, and the fact that funds were available in the amount of \$1,569,041.45 under the Local Improvement Prepayment Plan, the demands for essential services in a rapidly growing city such as Edmonton resulted in further borrowing of \$13,000,000.00 summarized as follows:—

NEW DEBENTURE ISSUES

General—Public Works and Services	\$ 7,182,000.00
Utilities Extensions	2,252,000.00
Local Improvements Property Share (1954 Construction)	620,823.31
Local Improvements Property Share (1955 Construction)	2,945,176.69
	<u>\$ 13,000,000.00</u>

Details of the foregoing are shown on Schedule "B" attached hereto.

the 1990s, the number of people with a diagnosis of schizophrenia has increased in the United Kingdom (Meltzer 1998). The prevalence of schizophrenia in the United Kingdom is estimated to be 1.2% (Meltzer 1998). The prevalence of schizophrenia in the United States is estimated to be 1.1% (Meltzer 1998).

There is a growing awareness of the need to improve the lives of people with schizophrenia. The World Health Organization (WHO) has developed a set of guidelines for the management of schizophrenia (WHO 1993). The guidelines recommend that people with schizophrenia should be treated with a combination of medication and psychosocial interventions. The guidelines also recommend that people with schizophrenia should be treated in a community setting rather than in a hospital.
